CONDITIONNEMENT	Ca 310 ml
COMMENTAIRE	-
APPROBATION	0

Description

TEROSON® PU 8590 is a black, ultra high viscosity, direct-glazing adhesive used for the bonding of front, rear and side screens to the body of motor vehicles (car, truck, bus).

Avantages

Very good sag resistance
High cure rate
High shear strength and good elasticity, even after ageing
Excellent adhesion to glass, glass with ceramic coating, encapsulation and to painted surfaces, in conjunction with a primer/adhesive
High UV resistance
PVC- and solvent-free

Caractéristiques

Direct glazing adhesive - black, ultra high viscosity adhesive used for the bonding of front, rear and side screens to the body of motor vehicles (car, truck, bus).
